**2007 - 2011**  
**MOXIE SOFTWARE SOLUTIONS PVT. LTD.**  
• System Administrator

## TECHNICAL SKILLS

**Project Management:** Project Life Cycle, Team Building, Governance, Risk Management, Issue Resolution, Planning, Timelines, Dashboard Reporting, ITIL, Scrum, and Agile Methodologies.

**Cloud Migration:** IaaS, SaaS, PaaS, Data Center Lift & Shift, Cut Over, Re-IP, Re-Domain, Parallel Run, Refactor, Replatform, Repurchase, Rehost, Relocate, Retain, Retire..

**Reporting and Documentation:** RFP, HLD, LLD, SOP Design, Jira, MS Office, Microsoft Project (MPP), Confluence.

**Tools** Shavlik, Qualys, Trend Micro, SCOM, SCCM, VMware Converter, Plate Spin, CloudWatch, HP OMI, CrowdStrike, SonarQube.

**OS, Database, and Storage & Backup** Windows, Linux, Microsoft SQL Server, Google Big Query, NetApp, EMC, Pure Storage, Veritas NetBackup, Commvault.

**Infrastructure as Code Tools** Terraform, Azure Resource Manager, AWS CloudFormation Templates.

**Networking** IP Addressing, Subnetting, Firewall Configuration, VPC, Routing, VLANs, Port Groups.

**Configuration Management Tools** Ansible, Puppet, Chef.

**Hardware** Cisco UCS Blades (B-Series, C-Series), HP ProLiant, Dell PowerEdge.

**Cloud Services** Google Cloud Platform, Microsoft Azure, Amazon Web Services

**Scripting** PowerShell, Batch Scripting, PowerCLI.

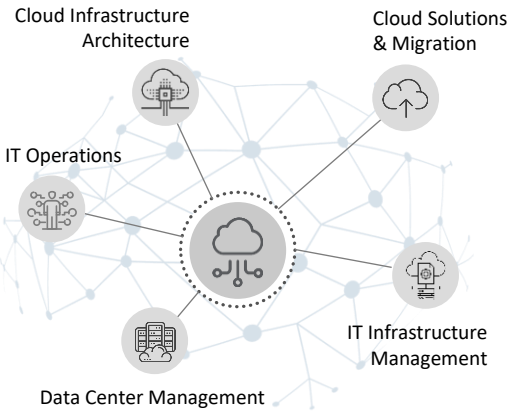

**Virtualization** Vmware, Citrix, Containers (Docker)

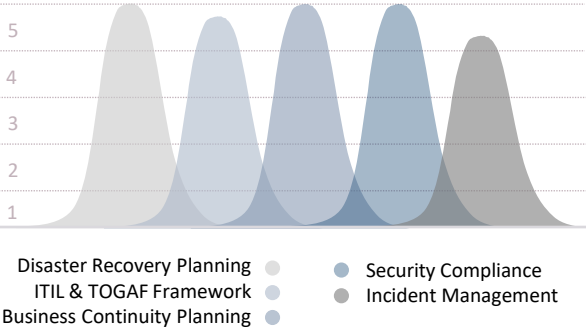

**Source Control** Git, GitHub ,GitLab.

## SECURITY & COMPLIANCE

## HONORS & AWARDS

- Winner of the **Microsoft Ai Odyssey Challenge** recognized by Microsoft for outstanding achievement in AI innovation
- Service & Commitment Award** Recognized for long-term dedication and excellence at Tata Consultancy Services.
- Standout Performer Award** Acknowledged for leadership in implementing generative AI solutions at Amway Global | 2021
- Dynamic Soldier Award** Honored for leading Datacenter Migration at Keysight Technologies | 2016

APR 2023 - MAY 2023

Cloud Operations (RIO) at Tata Consultancy Services

JAN 2022 - FEB 2023

Cloud Migration Strategy at Tata Consultancy Services

SEPT 2022 - NOV 2022

Cloud Case Study Designing at Google

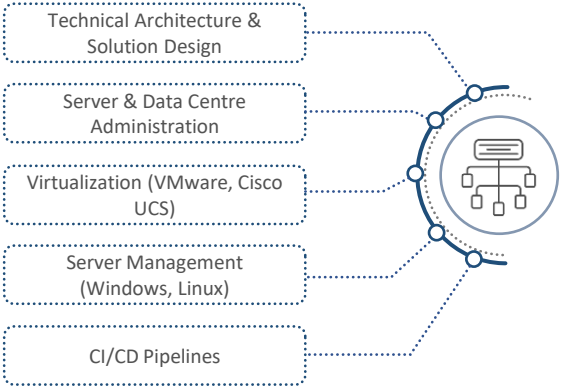

WORK EXPERIENCE

TECHNICAL ARCHITECTURE & DESIGN

TATA CONSULTANCY SERVICES  
ASSISTANT CONSULTANT (C3A)  
Feb 2011 - Present

Highlights

- Customer Business Growth:** Implemented automation and RIO in daily operations, ensuring zero business impact incidents for customers during peak seasons, leading to significant year-over-year sales growth | 2022
- Cloud Adoption:** Successfully convinced a customer to engage TCS-GBU in their digital cloud journey and negotiated a contract for Google Cloud application and data migration | 2022
- IT Infrastructure Management:** Oversee day-to-day IT infrastructure operations, including network, server, storage, and data center management, ensuring optimal performance and reliability.
- Cloud Solutions Architecture:** Develop and implement cloud strategies, including migration plans, to leverage cloud technologies effectively and enhance business operations.
- Technical Project Management:** Define project scope, objectives, and deliverables in collaboration with stakeholders, ensuring alignment with business goals and successful project execution.
- Cloud Infrastructure Architecture:** Design robust and scalable cloud infrastructure solutions that align with business requirements, ensuring optimal performance, reliability, and security.
- Service Delivery Management:** Oversee the delivery of IT services, ensuring they meet service level agreements (SLAs) and customer expectations, while continuously improving service delivery processes.
- Generative IT solutions:** Lead the design, development, and integration of generative IT solutions into existing systems, ensuring they align with business objectives and enhance operational capabilities.

PROJECT EXPERIENCE

TRANSFORMATIVE CLOUD MIGRATIONS AND LEADERSHIP ROLES

PROJECT: [Kingfisher Plc](#)  
ROLE: [Delivery Manager \(Google\)](#)  
INDIA WEBSITE: [Kingfisher PLC](#)

JAN 2023 - JUL 2023

HYDERABAD

- Key Achievements:** Spearheaded the migration of 256 on-premise applications to Google Cloud using the R-Strategy (Refactor, Replatform, Rehost, Retain, Retire) within a virtualized environment.
- Innovation:** Implemented automation techniques that significantly reduced administrative effort and turnaround time, thereby optimizing business operations and delivery.
- Leadership:** Ensured comprehensive training and competency development for team members, maintaining timely completion of required training.
- Risk Management:** Collaborated with leadership to proactively identify and mitigate business risks.
- Customer Engagement:** Managed extensive client relations across multiple geographies.
- Technologies:** Google Cloud, Migration Tools, Plate Spin, Terraform, VMware.

PROJECT: [Virgin Media](#)  
ROLE: [Program Manager \(Google\)](#)  
INDIA WEBSITE: [Virgin Media](#)

JAN 2022 - DEC 2022

HYDERABAD

- Key Achievements:** Executed a seamless Azure-to-Google Cloud data migration, establishing robust connectivity between VM/O2 and GCP. Successfully migrated VM/O2 customer data using Control-M and Ab Initio frameworks.
- Leadership:** Conducted weekly updates with Google leadership, addressing technical challenges and providing project status updates.
  - Security:** Resolved vulnerabilities and security issues, obtaining necessary approvals to go live.
  - Technologies:** Google Cloud, Big Query, Databricks, Azure, DevOps Tools, Control-M, Ab Initio.

PROJECT: [Amway Global](#)  
ROLE: [Project Manager \(Aws\)](#)  
POLAND WEBSITE: [Amway Global](#)

NOV 2020 - DEC 2021

KRAKOW .....

- **Key Achievements:** Planned and managed the migration of over 200 workloads from on-premises to AWS, including critical upgrades from Win2k8 to Win2k16 and RHEL 5.0 to RHEL 7.0.
- **Innovation:** Introduced automation for recurring issues, resulting in record-high revenue during peak seasons with zero business-impacting incidents.
- **Technologies:** AWS, VMware, Windows, Linux, PowerShell, DevOps Tools.

PROJECT: [Pgds-prudential Financial](#)  
ROLE: [Project Manager \(Azure\)](#)  
UK WEBSITE: [Pgds-prudential Financial](#)

APR 2019 - NOV 2020

LONDON .....

- **Key Achievements:** Designed and implemented a migration plan for 16 applications to Azure using ASR and other tools.
- **Leadership:** Managed daily development meetings, monitored migration schedules, and addressed risks, ensuring best practices for cloud/virtualization migration.
- **Technologies:** Azure, VMware, Windows, Linux, PowerShell, DevOps.

PROJECT: [Ericsson](#)  
ROLE: [Migration Manager \(Vra\)](#)  
SWEDEN WEBSITE: [Ericsson](#)

MAY 2018 - APR 2019

STOCKHOLM .....

- **Key Achievements:** Managed the user migration to E2C cloud, ensuring seamless integration across business units.
- **Leadership:** Delivered on project milestones and maintained detailed weekly reports.
- **Technologies:** OpenStack, VIO, VRO, VMware, Windows, Linux.

PROJECT: [Keysight Technologies](#)  
ROLE: [Technical Architect \(Aws\)](#)  
INDIA WEBSITE: [Keysight Technologies](#)

JAN 2016 - FEB 2018

SINGAPORE .....

- **Key Achievements:** Established a hybrid cloud environment (vRA with AWS), integrating on-premise tools with cloud infrastructure using automation techniques.
- **Innovation:** Performed critical server upgrades and configured failover clusters, enhancing system stability.
- **Leadership:** Developed architectural diagrams, case studies, and use cases adhering to industry standards.
- **Technologies:** AWS, vRA, vRO, VMware, Windows, Linux.

PROJECT: [Agilent Technologies](#)  
ROLE: [Team Lead](#)  
INDIA WEBSITE: [Agilent Technologies](#)

Mar 2012 - Dec 2015

HYDERABAD .....

- **Key Achievements:** Led daily operations and performance evaluations, fostering a productive work environment.
- **Technologies:** VMware, Windows, Linux, Cisco UCS.

PROJECT: [Tata Tele Services](#)  
ROLE: [Systems Engineer](#)  
INDIA WEBSITE: [Tata Tele Services](#)

FEB 2011 - FEB 2012

HYDERABAD .....

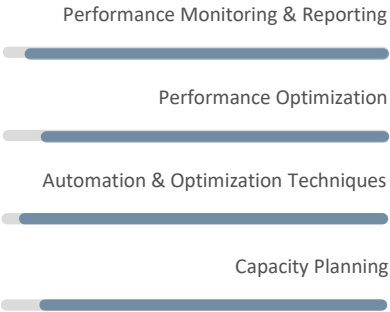

- **Key Achievements:** Managed and maintained server infrastructure across multiple platforms.
- **Technologies:** Windows Servers (2000/2003/2008), HP, Dell, IBM, Hitachi.

**MOXIE SOFTWARE SOLUTIONS PVT. LTD.**  
**SYSTEM ADMINISTRATOR**  
**2007 - 2011**

## TRAINING ATTENDED

- **SEPT 2022 - DEC 2022 | Google Cloud Summit 2023 | Google | Hyderabad**
  - Engaged in advanced discussions on cloud use cases and real-world case studies.
  - Explored cutting-edge application and data migration strategies.
- **MAR 2021 - JULY 2022 | Ascent – Project Management Mastery | Tata Consultancy Services | Hyderabad**
  - Acquired comprehensive knowledge of project management methodologies.
  - Developed skills in meticulous project planning and execution.
- **APR 2019 - APR 2020 | TOGAF® 9 Certified Training | TCS | Hyderabad**
  - Learned best practices and advanced architecture design principles.
  - Delved into sophisticated use case design and cloud pattern methodologies.
  - Company Secretary in the year 2008

## PERFORMANCE OPTIMIZATION

## EDUCATION

**Bachelors Of Technology (C.S.E)**  
Intell Engineering College -JNTU, Anantapur
